

FRESH

This is the perfect **vacuum packing machine** for **domestic use**, with its ABS external structure and **semiprofessional** functional features. It completely satisfies all those families who need to pack and protect their food at home. **Fresh** can work in two different ways: vacuum packing products **inside bags** or through **external plastic canisters** conceived for liquids/sauces.

Model	Structure	Overall dimension	Sealing bar	Vacuum pump	Weight	Absorption	Voltage
FRESH	ABS	380x180x80 H	mm 300	Q = 8/9.6LT/MIN	KG 2.3	W 190	230 V/50-60 Hz
